About us

Aliaj Omid company, a member of the Omid Companies Group, has been at the forefront of industrial wire production since its inception in 2006. As a specialized manufacturer of high-quality industrial wire, including spring alloy wire and high carbon wire, continuously strived to meet the diverse needs of industries contributing to the growth of national production.

In response to the evolving demands of industries, Aliaj Omid expanded its product offerings in 2021 to include imported high carbon and stainless-steel wires, further solidifying its position as a reliable and innovative supplier in the market. Our commitment to excellence is evident in our dedication to quality, timely delivery, after-sales services, customer satisfaction, competitive pricing, and seamless raw material supply.

With a strong focus on meeting industry requirements and exceeding expectations, Aliaj Omid continues to play a pivotal role in shaping the future of industrial wire production.

Join us as we lead the way in delivering top-notch products and services to a wide range of industries, setting new standards of excellence along the way.
